

HOSPITAL PREPAREDNESS PROGRAM

IDAHO

HPP FUNDING

38% decrease in funding
since FY 2013

HIGHLIGHTS

- Idaho uses HPP funds to address regional hazards and threats facing local health care organizations and to improve health care system resilience and response for a population of nearly 2 million
- Idaho's seven health care coalitions (HCCs) support seven local health jurisdictions and seven Medical Reserve Corps Units
- In FY 2017, Idaho's HCCs focused on increasing member capability and capacity, improving their longstanding governance structures, and improving continuity of operations (COOP) planning, training, and exercises at all health care facilities

HCC CORE MEMBER PARTICIPATION

of hospitals

of Emergency Medical Services

of public health departments

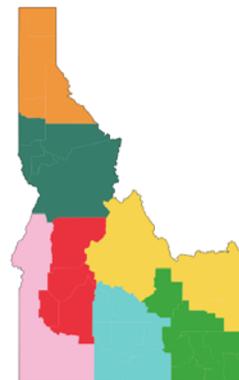

of emergency management organizations

SPOTLIGHT ON PREPAREDNESS: Tranquil Terminus Exercise

- Participated in the 2018 Tranquil Terminus National Full-Scale Exercise by coordinating safe patient movement of four confirmed Ebola patients from multiple frontline facilities to two State Assessment Hospitals and finally to two Regional Ebola Treatment Centers.
- This exercise strengthened relationships between local stakeholders, multiple Ebola Assessment Hospitals, numerous State Agencies, and Federal Partners over a four day period of evaluation. Idaho's role supported the validation and improvement of HHS's High Consequence Infections Disease National Patient Movement [Cluster] Plan .

FY 2018 PRIORITIES

- **Response Planning:** Develop coordinated HCC response plans, revise the State Emergency Response Plan, and improve coordination among state, HCC, and health care system leaders.
- **HCC Partnership Building:** Expand membership of non-acute health care entities and strategic partners to include the IDHW Bureau of Facility Standards, the Mountain States Pediatric Disaster Coalition, and state health care associations.
- **Disaster Behavioral Health:** Build response capability at state and local levels that incorporates behavioral health planning, training, and exercises.
