

HOSPITAL PREPAREDNESS PROGRAM

WASHINGTON

HPP FUNDING

39% decrease in funding
since FY 2013

HIGHLIGHTS

- Washington (WA) uses HPP funds to build a robust emergency preparedness and response foundation for a population of over 7 million
- Washington's eight health care coalitions (HCCs) support 35 local health jurisdictions and 29 federally recognized tribes
- Home to the Ebola Treatment Center for HHS's Region X, WA is a leader in Regional Infectious Disease Training and Response
- In FY 2017, Washington's HCCs focused on building capability and capacity to improve overall health care preparedness and response

SPOTLIGHT ON RESPONSE: Passenger Train Derailment

- In 2017, an Amtrak train derailed on the border of Washington's Pierce and Thurston counties; thirteen railcars carrying 75 passengers left the tracks
- Nine hospitals across three counties received 69 patients
- The Northwest Healthcare Response Network HCC led cross-jurisdictional coordination and exhibited exemplary patient-tracking practices using an HPP-funded patient tracking system

FY 2018 PRIORITIES

- **HCC Functionality:** Ensure all HCCs develop preparedness plans and initiate development and testing of operational health care response plans
- **Information Management:** Sustain WATrac, an interoperable communications platform for sharing health care incident management
- **Patient Movement:** Continue to develop statewide patient movement plans and incorporate all hospitals into regional evacuation and bed availability planning and drills
- **Health Care Supply Chain Planning:** Identify existing gaps in supply chains and develop standardized lists of critical healthcare supplies
