

# HOSPITAL PREPAREDNESS PROGRAM

# OKLAHOMA

## HPP FUNDING

**37% decrease in funding**  
since FY 2013

## HIGHLIGHTS

- Oklahoma uses HPP funds to build a robust emergency preparedness and response foundation for the state’s population of 3.8 million
- 87 hospitals participate in Oklahoma’s eight health care coalitions (HCC)
- Oklahoma’s HCCs focus on developing Essential Elements of Information (EEI) that will be shared with members and partners
- All of Oklahoma’s HCCs have defined and documented their regional boundaries

## HCC CORE MEMBER PARTICIPATION

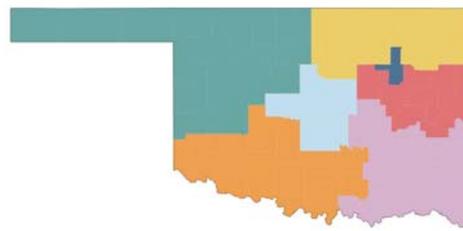

## SPOTLIGHT ON RESPONSE: Responding to Wildfires

- Oklahoma responded to numerous wildfires in 2018
- HCCs provided situational awareness updates to Oklahoma Department of Health response officials to determine if hospitals needed to be evacuated
- The Northwest Oklahoma HCC provided status reports of health care facilities to assess the need for cached resources
- Oklahoma provided situational updates to Federal ESF-8 personnel to ensure continuity of information

## FY 2018 PRIORITIES

- **Incident Management:** Provide an opportunity for HCCs to review and update the State ESF-8 plan
- **Surge Management:** Conduct an assessment of HCC members’ established alternative care systems and determine their response readiness
- **Evacuation Planning and Response:** Develop regional evacuation plans by conducting planning meetings and activities between health care, public health, and emergency management organizations
- **Exercises:** Support HCCs to conduct the Redundant Communications Drill and the Coalition Surge Test

**8** Health Care Coalitions
