

Question 1: Considering the capabilities, is there information that your organization reports to the HPP that is also reported elsewhere? Please list overlaps:	No. of Dots
<i>Level 1 Capability</i>	
Interoperable communications systems	13
Tracking of bed availability (HAvBED)	7
Partnership/Coalition development	4
ESAR-VHP	1

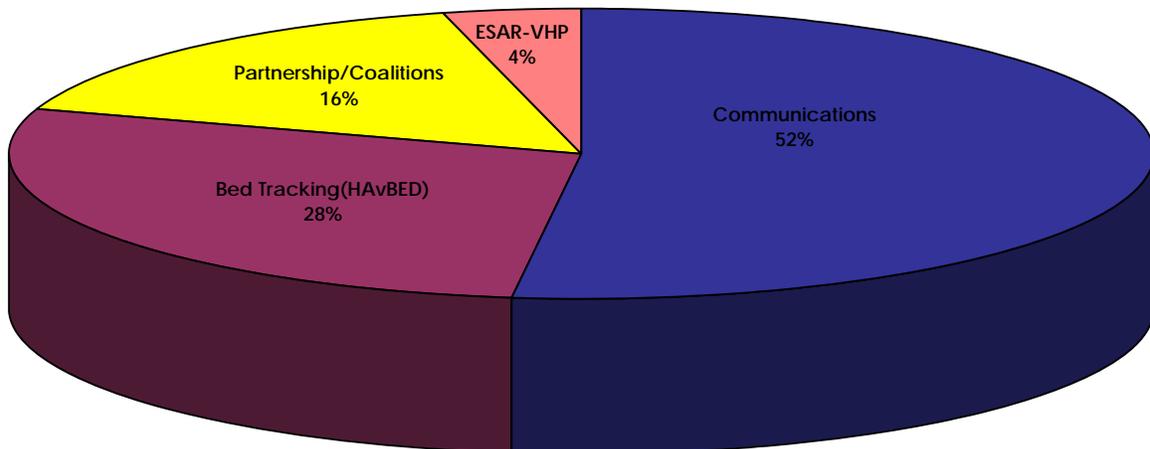

Question 2: Considering the capabilities, are there gaps in HPP capabilities (information that should be included but is not)? Please list gaps:	No. of Dots
<i>Level 1 Capability Concerns</i>	
Actual events in which HPP-funded systems are utilized	14
Different coalitions working on different issues, aggregate reporting	8
How HPP funds have improved preparedness	6
Engaging in more response, not just planning	4
Did HPP function as planned in exercise or real event?	2
Connection to local and State emergency management	2
Bed tracking for neonatal intensive care units and long-term care facilities	1

Question 3: How could we streamline to make information (data) collection and dissemination better?	No. of Dots
<i>Level 1 Capability</i>	
Provide definitions and benchmarks in measurement	14*
Use a different platform to collect data (i.e. web-based)	13*
Eliminate mid-year PE report	8
Provide measures when guidance is released	7
Timely release of the reporting template so States can survey hospitals	7
Process that allows States to use and share data/simplify reporting template	5
Explain how information will be used/purpose of question	4
Improve federal communications to design common templates	4
More rigorous measurement the expands from capacity to capability	4

* combined two

Question 3a: Who are the key players who would be involved in streamlining information sharing?	No. of Dots
State and local public health departments	7
ASPR/HPP (SOC, PES)	7
State HPPs	6
ASTHO—Program directors, emergency preparedness	5
Awardees	3
Regional coordinators (intra-State)	2
Hospitals	2
Sub-Awardees	2
Emergency management	2
Hospital associations	2
CDC	1
Informatics	1
CMS	1
Information technology	1
Regional HHS/FEMA offices	1
Form working group with all agencies	1
Hospital PIOs	1
State and Federal ESF groups	1

Repeated Areas of Preparedness Measurement

■ Communications ■ Bed Tracking(HAvBED) ■ Partnership/Coalitions ■ ESAR-VHP

Gaps in HPP Capabilities
